DONATIONS AND AN AFFILIATE PROGRAM

You can support the educational and research purposes of Keep Hope Alive with a donation or by purchasing health food supplements through an Affiliate referral program we have set up with the W.T. Raleigh Co. This is an advertising referral program for fund raising purposes. There is no extra cost to you to participate. The chelation product of interest to us (OC MAX) supports heavy metal detox and cardio vascular health.

OC-MAX combines the incredible benefits of plant sterol esters, Serrazymes™, sodium alginate, EDTA, and S.H.M.P.. The addition of royal jelly, bee pollen, sodium alginate, lipoic acid, and rose hips round out this high-quality formula. Key Ingredients are:
Plant Sterols Esters: OC-MAX contains 400 mg per caplet of plant sterol esters. **EDTA:** (disodium ethylene diamine tetracetic acid) has been used since the 1950's to bind to heavy metals and toxins within the circulatory system. **S.H.M.P.: (sodium hexametaphosphate)** A mineral-based ingredient with similar benefits to EDTA and **Serrazymes™:** A trademarked and well-studied enzyme which is used by the silkworm to dissolve its cocoon.

For more information or to order, call **W. T. Raleigh Co at 1-866-354-8384** and give them Keep Hope Alive's I.D. number: **126819398**. Ask them to keep this number on file for the first and future orders. Keep Hope Alive does not sell or stock any oral chelation products, health foods or dietary supplements due to current restrictions on speech under the FDC Act (a violation of the First Amendment). Consult with your doctor for personal medical advice on all the supplements you use.

Doctors who practice integrative medicine can be located at **acam.org** or by calling 800-532-3688.
